INTERPRETATIONS:

High Grade:	Performance unquestionably of a professional level demonstrating thorough competence and creative ability.
Average:	Work not distinguished in content or level but adequate for engineering purposes indicating an ability, under some supervision, to produce workable designs or systems and products.
Mediocre:	Barely adequate performance, needing careful checking and rather close supervision to meet requirements.
Unsatisfactory:	Work of poor quality, not up to minimum professional standards. Requires review and revision by associates or supervisors before execution. Inadequate for "the purpose of safeguarding life, health and property."
